## SPRA-RITE™ Roll Coater

Precise application of coating, uniform coverage, optimum quality, and minimal waste.

Industrial Innovations new **SPRA-RITE™ Roll-Coater** provides an effective means of controlling the thickness of lubricant transferred from the surface of a roller to the surface of a part. We can coat heavy substrates in rugged environments and use precision to achieve accurate coating weights.

### FEATURES INCLUDE:

- External Roller Lubricant Application
- Quick Release Roller Replacement
- Programmable Independent Fluid Control
- Easy Coil Feed Installation
- Automatic Press Control Communication
- 12" to 80" Roller Capability
- Coil or Power Feed Capability
- 200 Part Recipe Capability
- Reuse Costly Lubricant
